Centenary College of Louisiana is an equal opportunity educational institution. It does not discriminate on the basis of race, color, religion, sex or handicap in admission, employment or operation.

The provisions of this bulletin do not constitute an offer for a contract, which a student may accept through registration, and any provision or requirement, including fees, may be changed at any time with or without notice.

A Message from the Dean

Centenary College and The Frost School of Business are proud to offer the Executive MBA program. Our program refocuses the traditional MBA curriculum to fit the needs of experienced professionals. Courses are taught from a senior management perspective, with emphasis on the skills, knowledge and insight that enable a shift from functional expertise to broad-based leadership.

What sets our program apart from others? We believe a primary difference lies in our MBA candidates themselves. The Executive MBA capitalizes on each student's existing professional and managerial experience — the "Executive" difference. As a participant in our program, you will learn not just from our outstanding faculty, but also from each other, in a spirit of partnership. The interaction and collective experiences of our participants encourages creative thought and a broadened perspective in solving problems and seizing opportunities. At the same time, you will develop a network of professional ties that will last a lifetime.

Our philosophy of teaching differs as well. We see ourselves as academic coaches, concerned with the success of each student. The goal of the Frost School of Business Executive MBA is to enrich and enhance your effectiveness by helping you to develop into a more competent and confident leader, prepared for the challenges of tomorrow.

I look forward to working with you to achieve this goal.

Labor Omnia Vincit!

Christopher L. Martin, Dean,
Frost School of Business

I. General Information

Centenary College of Louisiana

In 1825, the College of Louisiana began offering liberal arts and pre-professional education to college students in the South. Twenty-three years later, in 1848, it merged with Centenary College, a Methodist institution in Clinton, Mississippi. In 1908, Centenary College of Louisiana moved to its present location in Shreveport.

For 175 years of its history, Centenary College has stood for academic and professional excellence. Her graduates have gone on to high achievement in business and the professions, and her faculty members have distinguished themselves in teaching, research and professional service.

Graduate business education came to Centenary in 1976. The Executive M.B.A. Program began in 1984. Enrollment in the program is limited, assuring a personalized education and maximum interaction among participants and our faculty.

Executive MBA Program

Frost School of Business

Centenary College of Louisiana

II. Program Overview

Purpose of the Executive MBA Program

Centenary College's MBA program aims to help bright, ambitious individuals, who have at least five years of professional experience, achieve greater success in their management careers. The Centenary program offers a dual emphasis. We stress the practical skills and critical business concepts that managers need to be effective in their jobs today and in the future. We also help each individual develop the confidence and insight required for accepting greater responsibility.

We expect that our graduates will advance their leadership responsibilities, move faster, and rise higher with the Centenary MBA degree.

This program is designed to be accessible, intensive and immediately applicable.

History of the Centenary Executive MBA Program

The current MBA program at Centenary College began in the winter of 1984. The dean and faculty of the Frost School of Business designed a program to answer growing criticism that traditional MBA programs had become overly theoretical and quantitative at the expense of practicality and career usefulness.

Faculty of the Frost School of Business met with foundation heads, business leaders and management trainers in government and industry prior to designing the present program for adult learners. Since the first announcement of our MBA program in November 1984, the response has been strong and enthusiastic. We continue to meet regularly with our alumni, board of advisors and other business leaders to ensure a rigorous, yet relevant course of study.

Accreditation

Centenary College and the Frost School of Business are accredited by recognized regional and national agencies Centenary and all of its programs are approved by the University Senate of The United Methodist Church program and accredited by the Southern Association of Colleges and Schools (SACS).

Philosophy of Instruction

Centenary MBA courses concentrate on basic concepts that have significant practical applications in today's organizations. Our courses are taught from a senior management perspective with an emphasis on the business skills and knowledge that enable a shift from functional expertise to broad based leadership and strategic thinking.

Courses are taught by full-time Centenary professors as well as highly qualified business executives who are currently active in developing new products, financing ventures, managing factories, and guiding personnel programs. Typically, class sizes range between 10 to 15 students, assuring a personalized and highly interactive learning environment.

Our program taps into the management and operating experience of each participant and then builds on that experience in the classroom. The Frost Faculty is particularly adept at stimulating the exchange of ideas among our students. The applied orientation of our program facilitates immediate transfer of classroom learning back to the workplace, while preparing our MBA candidates for the challenges each will face in the future.

Academic Workload

Centenary MBA courses are intense and demanding. Most students take one to two course per term. In a typical week, students may expect to spend eight to twelve hours outside of class preparing for each class session. Students who know in advance they will have to miss more than one class meeting should not enroll for that term.

III. Admission

Admission to the Executive MBA program is selective and based upon all application materials submitted by the candidate. We prefer applicants to have a minimum of five years of professional experience and to be in positions responsible for managing people, projects, products, data or budgets within their organization.

A bachelor's degree is required. However, the program does not require an undergraduate degree in business. Given the profile of those admitted to MBA program and the design of our curriculum, students with undergraduate degrees in the liberal arts, the sciences, or engineering quickly build a comfort level equivalent to those with undergraduate degrees in business.

The candidate's professional experience, ability to successfully complete graduate work in management, career accomplishments, as well as the unique contribution that each individual will bring to our program are among the factors evaluated during the admissions process.

Apply to: Dean, Frost School of Business
Jackson Hall, Room 210
Centenary College of Louisiana
2911 Centenary Boulevard
Shreveport, Louisiana 71104
Telephone: 318/869-5141
Fax: 318/868-5139

Steps in the Admission Process

A completed application form should be submitted to the above address, along with a $20 non-refundable application fee.

An official transcript should be requested by you from each college attended. Transcripts should be forwarded from your previous college directly to our office. Please use the mailing address shown above. All transcripts and GMAT scores must be received prior to admission.

The Admission Committee will review your application package, including GMAT scores and all transcripts. You will be contacted, and a personal interview with the Dean of the Frost School of Business will be arranged.

The Admissions Committee takes a comprehensive approach to evaluating applications, considering the application package in its entirety. Prior to the interview, they note, in writing, areas of strength and areas of concern.

Candidates are put into three categories:

- Strong and obviously qualified
- Some minimum questions and concerns
- Serious concerns

For the students who are in category three-the dean will return to the committee with recommendations which will be: a) reject; b) advise to take work at another institution and demonstrate he or she can do the work and also advise reading and a self-improvement program ; or c) present new evidence that suggests that this student should be admitted and monitored.

Interview

All applicants are required to participate in a personal interview. Interviews help to further assess an applicant's qualifications and provide prospective candidates with a more accurate perspective of our MBA program.

Notification of Status

Candidates who are accepted will receive a letter of notification of their status and a request for a non-refundable $100 class reservation fee (described in the "Basic Fees" section).

Requirements for Admission (A Summary)

1. Official transcripts from all previous academic work
2. Minimum of five years full-time professional/managerial experience.
3. The completed application form, including essays
4. Graduate Management Admission Test (GMAT) scores, sent directly from the Educational Testing Service (School code 6082). The GMAT is administered on-line and is scheduled through the Sylvan Learning Centers.
5. Interview with the Dean of the Frost School of Business.

Tuition for the 2004-2005 Academic Year

Students are billed after completion of the course. This is an unusual policy. We do this because so many of our students have corporate sponsors who require a course grade prior to payment. Tuition for The Centenary College Executive MBA Program is $700 per course for the 2004-2005 academic year.

IV. Financial Information

Payment of Tuition

Since we have an unusual payment policy based upon trust, failure to pay tuition on time will result in suspension from the program.

Basic Fees

Application Fee: Each first-time applicant pays a one-time non-refundable fee of $20. This fee is waived for those with a Centenary College undergraduate degree.

Class Reservation Fee: A $100 class reservation fee is required upon official acceptance into the MBA program. This fee is not applied toward your tuition.

Maintenance Fee: Due to professional and personal commitments, many of our students are unable to enroll in one or more of the five terms taught annually in the MBA program. Students who do not enroll in the MBA program for two consecutive terms must pay a $50 fee each term of their absence, beginning with the third consecutive term. This fee holds the MBA candidate's place in the program until their return. A student placed on inactive status must re-apply for admission and pay a $100 reactivation fee.

Assessment Fee: Students enrolled in MBA 501 "Leadership and Organizational Behavior" must complete a self-assessment battery focusing on leadership skills, strengths and weaknesses, and motivation. Students are responsible for the $125 fee for this assessment at the time of enrollment.

Copyright Fees: In addition to the textbooks, many classes assign cases and articles that require payment for duplication. Students are responsible for such payments before the second week of classes.

Computer Proficiency Fee: Computer proficiency is expected of all MBA candidates prior to the start of formal coursework. Upon admission to the program, a basic proficiency exam covering Excel, PowerPoint and basic word processing is administered to all MBA candidates. The fee for this exam is $100. Should proficiency not be determined by this exam, a new candidate is required to take a non-credit workshop covering the software skills required in our program.

Financial Aid

Information concerning financial aid in the form of loans may be obtained from the financial aid director at 318/869-5137.

V. Academic Policies

Academic Calendar

The Executive MBA Program utilizes a unique calendar. Whereas most universities have two or three terms, the Centenary program has five 10-week terms per year. This calendar allows students to accelerate their studies.

Registration

Registration takes place over the telephone. Students call in their course preference to the Frost School of Business MBA Coordinator at 318/869-5141 during the registration period. A bulletin of course offerings will be mailed to students 2 weeks prior to registration.

Academic Advising

The Dean of the Frost School of Business and his colleagues advise students in the planning of their academic programs.

Degree Requirements for the MBA

The Executive MBA Program consists of a pre-established curriculum of 14 three-hour courses and 3 hours of project/thesis (45 hours). There are no electives.

Students are required to complete 45 hours of required academic work, and earn a 3.0 ('B' average).

The degree must be completed within seven calendar years after commencing the program.

Grades

The grading scale for MBA candidates is:

A – Excellent
B – Good
C – Average
D – Poor
F – Failing
I – Incomplete
W – Withdrawal

Students will not receive credit for any course in which a grade of less than 'C' is earned.

The grade of 'I' will automatically become an 'F' if not completed within three terms.

Due to the Federal Privacy Act, the school of business office cannot inform students of their grades. Grades will be mailed to students' homes. Students may view their grade information via the Centenary College Student Web. No grades will be given out over the phone.

Probation and Dismissal

Students whose cumulative grade point average falls below 3.0 ('B' average) will be placed on probation.

Students will be notified in writing of their probationary status and counseled by the Dean of the Frost School of Business. Students must achieve a 3.0 grade point average in order to continue in the program. Students earning a 'C' grade or lower in any class, while they are on probation, will be dismissed from the program.

Repeating Courses

MBA students may repeat courses in which a 'C' or below was earned. The higher grade will be used in calculating the students standing in the program; however, both the old and the new grades will appear on the transcript.

This policy is in harmony with our coaching philosophy of education. We believe all of our students are capable of high performance. Some need more time and coaching than others.

Withdrawal and Refund Policy

MBA students are not charged a fee for adding or dropping classes. During the first two weeks of a module, courses may be dropped without penalty by calling the MBA Coordinator at 318/869-5141 and notifying the professor. After the first two weeks, classes may be dropped only by sending the dean a written letter of request to drop.

The student who drops a class after the first two-week 'grace period' will be required to pay full tuition cost.

Credit by Transfer of Course Work

A maximum of six credit hours may be transferred from other accredited graduate programs into the Centenary MBA program. Credit will be accepted only when a grade of 'B' or higher has been earned, and if the course was completed during the six-year period prior to enrollment in the Centenary MBA program.

Credit by Examination

Students who earn 80 or higher on the Standardized Accounting Test may be exempt from MBA 502 Financial Accounting. The fee for this test is $100.

Course Exemption

Students holding a C.P.A., C.M.A., or C.I.A. certificate are exempt from MBA 502 Financial Accounting and MBA 503 Management Accounting.

Graduation

The graduation commencement exercise takes place once a year in early May. All students are expected to attend. A student unable to attend commencement must notify the office of the Provost in writing prior to graduation.

A student must submit an Intent to Graduate form to the Frost School of Business by December 1 if he or she plans to graduate in May of the next year. It is the responsibility of each student to make certain that all course requirements for graduation have been met.

Students must satisfy the following in order to graduate:

1. Completion of all required course work.
2. Submission of approved entrepreneurial project (three copies).
   March 1 is the last date to turn in final drafts of the project.
   April 1 is the last date to complete oral presentations of projects.
   April 15 is the last date to turn in three final, bound copies with signatures to the office of the dean.
3. Minimum of 3.0 grade point average.
4. No outstanding college bills.

VI. Program of Study

The Structure and Sequence of the Program

The 14 courses (42 hours) and the project (3 hours) can be broken down into five areas of focus—leadership and innovation, analytical tools, organizational core, organizations and their environment, and integration.

Only three courses in our program and the project thesis have specific prerequisites:

MBA 503 Management Accounting
Prerequisite for this course is MBA 502 Financial Accounting.

MBA 550 Financial Management
Prerequisites for this course are MBA 502 Financial Accounting and MBA 503 Management Accounting.

MBA 562 Business Policy and Strategy
Prerequisites for this course are MBA 503 Management Accounting, MBA 505 Business Economics, MBA 550 Financial Management and MBA 551 Marketing Management.

MBA 599 Entrepreneurial Project
Prerequisites include MBA 560, MBA 562, and MBA committee approval of the project proposal.

VII. MBA Course Descriptions

Area I: Leadership and Innovation (3 courses)

MBA 500 Professional Communication
Consistently high quality written and oral expression is expected of all degree candidates.

MBA 501 Leadership and Organizational Behavior
The self-assessments tools in this class enable course participants to understand their own leadership style, strengths and weaknesses. In addition, practical managerial and leadership concepts and skills are emphasized.

MBA 560 Entrepreneurship
This course, core to our program, provides a broader understanding of new business start-ups and current business revitalization.

Area II: Analytical Tools (3 courses)

MBA 502 Financial Accounting
MBA 503 Management Accounting
MBA 504 Managerial Statistics
These courses prepare you for functional courses in marketing, finance and management. Emphasis is on understanding and using these concepts and business tools in practical business problems.

Area III: Organizational Core (4 courses)

MBA 550 Financial Management
MBA 551 Marketing Management
MBA 552 Production Management
MBA 553 Human Resource Management
This set of courses focuses on the functional core areas of all organizations.

Area IV: Organizations and their Environment (3 courses)

MBA 505 Business Economics
MBA 559 Business Ethics
MBA 561 Business and Government
These courses help managers focus on the ethical, social, political, technological, global, and economic factors that affect managerial decisions.

Area V: Strategic Integration (1 course and Project)

MBA 562 Policy and Strategy
MBA 599 Entrepreneurial or Intrepreneurial Project
(see Entrepreneurial handbook)

MBA 500: Professional Communication

Principles of effective communication with employees, shareholders, regulators, and the public and their application to letters, memos, reports, and presentations. Major emphasis is on clear and cogent writing, but listening and speaking are also stressed.

MBA 501: Leadership and Organizational Behavior

A focus on understanding and building personal leadership skills, emphasizing both conceptual and practical development: motivating, coaching, leading organizational change, creative problem solving, delegation, conflict management, committee leadership, project management, establishing professional objectives and personal action plans for continued self-development, assessing your own strengths and weaknesses as a leader. ($125 lab fee)

MBA 502: Financial Accounting

Basic accounting practices and procedures used to develop financial statements. Emphasis on a practical approach to understanding and applying accounting data. The use and misuse of historical accounting data. Interpreting balance sheets, income statements, and statements of retained earnings or proprietorships, partnerships and corporations.

MBA 503: Management Accounting

Continues MBA 502. How accounting concepts are used in inventory, overhead allocation, cost accounting, depreciation and internal reporting, control and other areas. Casework instruction: how managers interpret and alter accounting data in order to make appropriate business decisions. ***Prerequisite:*** MBA 502 Financial Accounting.

MBA 504: Managerial Statistics

Introduces the quantitative tools most frequently used in business. Applied concepts from statistics and management science. Topics covered include descriptive statistics, probability, estimation, hypothesis testing, regression, game theory and PERT.

MBA 505: Business Economics

Focuses on a limited number of relatively simple but powerful concepts of micro-economics, including topics in demand and cost. Major emphasis on the application of incremental thinking to actual business problems. Analysis of pricing, productivity, costs, business size and market structure.

MBA 550: Financial Management

The development of pro forma financial statements, cash and operating budgets. Alternative ways for firms to finance operation and growth. The time-value of money and capital budgeting. Practical case examples as well as contemporary theories of finance. Prerequisites: MBA 502 Financial Accounting and MBA 503 Management Accounting.

MBA 551: Marketing Management

Introduction to the basic concepts of marketing: marketing variables, market segmentation, sales forecasting, buyer behavior, product, pricing, promotional strategies and market research. Case studies, simulations and student projects will be used to reinforce the practical implications of these concepts.

MBA 552: Production Management

Provides a broad overview of basic production activities. Production planning, inventory control, plant organization, quality control, and productivity. Major emphasis is on factory floor operations, but these principles will also be related to service operations. Case studies and factory visits utilized.

MBA 553: Human Resource Management

Reviews contemporary theories of human organizational behavior. How individuals, small groups and organizations interact in practice. Also deals with such specific concerns as recruitment, training, job descriptions and performance evaluations. The strategic use of human resources is the central theme of this course.

MBA 559: Business Ethics

Managers are frequently faced with moral decisions both at a policy level and in day-to-day operations. Consumers, stockholders, employees, the public at large and the environment are affected by management decisions. This course presents several philosophical theories of ethics and challenges students to think about moral consequences as well as economic results. Students apply this 'moral way of thinking' to case studies from contemporary literature and from their own experiences.

MBA 560: Entrepreneurship

Entrepreneurs are concerned with the relentless pursuit of opportunities. The goal of this course is to teach students to identify and act on new opportunities. This course explores how one becomes an entrepreneur, how the entrepreneurial spirit can remain viable in established organizations, and the critical components of a business plan. By the conclusion of this course students should understand their potential role as entrepreneurs and have the skills to systematically analyze new opportunities for commercialization.

MBA 561: Business and Government

The study of public policy affecting business enterprises. Topics include government control of monopoly, public ownership of enterprise and government regulation of business. Also, the role of government in protecting consumers, workers, investors and the environment. Basic concepts of law and government as related to contemporary society.

MBA 562: Business Policy and Strategy

The business enterprise operates in a competitive and dynamic environment. This course is designed to integrate the various business disciplines of management, marketing, economics, finance and accounting which are relevant to the decision-making process in formulating policies and strategies within the business enterprise. Case studies and research projects are utilized to supplement text readings. ***Prerequisites:*** MBA 503 Management Accounting, MBA 505 Business Economics, MBA 550 Financial Management and MBA 551 Marketing Management.

MBA 599: Entrepreneurial Project

In this practicum, MBA candidates propose, develop, and present a comprehensive business plan for a business opportunity of their choosing. The projects may address the initiation of a new venture as an independent business or the initiation of a new product or process for an existing enterprise. ***Prerequisites:*** MBA 560, MBA 562 and MBA committee approval of project proposal.

Students wishing to graduate in May must present their project on or before April 1 in order to graduate. Copies of the reports are placed in Magale Library and in the dean's office. A booklet has been prepared to assist students in successful and presentation of the project. This booklet will be given to students taking the entrepreneurial project class or may be obtained at the Frost School of Business.

Note: This is only a ***tentative*** schedule. Staffing availability and enrollment eligibility affect course scheduling. Classes are normally held from 5:30 p.m. – 9:20 p.m. on the night indicated. ***Definite schedules*** will be sent to students two (2) weeks prior to the first day of registration.

IX. Campus Life

Student I.D. Card

Executive MBA students are encouraged to take full advantage of the offerings of the Centenary community. The College has granted MBA candidates free admittance to all performances, athletic events, and access to the Fitness Center. Present your MBA picture I.D. card to be admitted. To obtain your card, call the Frost School of Business office at 869-5141. Your student I.D. may be used at other Shreveport businesses that give student discounts.

Vehicle Registration

You will need to register your vehicle to help campus security protect our parking area. Vehicle registration is processed via the Centenary College web site at www.centenary.edu. Once you have logged onto the Centenary homepage you will click on the "Campus Services" icon. Choose the icon for the "Department of Public Safety" and then choose "Vehicle Registration." Provide all of the information requested on the registration form and "Submit" it. DPS will forward your parking tag to the Frost School of Business. You will be notified that your tag is ready and you may then either pick it up in our office or pick it up from your instructor in class.

Magale Library

Magale Library houses over 145,000 volumes as well as a large collection of periodicals, microfilms, and music and drama recordings. Cooperative arrangements with the Green Gold Library System (serving northwest Louisiana), the Southern College University Union (centered at Vanderbilt University) and the Amigos System give us interlibrary loan access to books and periodicals unavailable on campus.

MBA students have full library privileges. Handouts about library services and facilities are available at the circulation desk.

Library hours during the undergraduate fall and spring semesters are:

8 a.m. to midnight.....Monday through Thursday
8 a.m. to 4:30 p.m. .....Friday
9 a.m. to 5:00 p.m. .....Saturday
2 p.m. to midnight .....Sunday

Summer, May Module and Christmas holiday times differ. Call the Library for precise times at 869-5699. It is possible to have holiday library times extended to meet the needs of a particular class.

Fitness Center

The Centenary Fitness Center and Natatorium contains 2 basketball courts, a 25 meter swimming pool, an indoor track, an exercise area with weight machines and cardiovascular equipment, an aerobic room, a dance studio, and 2 racquetball courts. MBA students are invited to use this facility provided they are currently enrolled in a course and have a current Centenary I.D. card.

Fitness Center operation hours during the undergraduate fall and spring semesters are:

6:00 a.m. to 10:00 p.m. ..... Monday - Friday
12:00 noon to 6:00 p.m. ..... Saturday
2:00 p.m. to 10:00 p.m. ..... Sunday

Fitness Center operation hours during the summer are:

6:00 a.m. to 8:00 a.m. ..... Monday - Friday
12:00 noon to 7:00 p.m. ..... Monday - Friday
12:00 noon to 6:00 p.m. ..... Saturday & Sunday

Call the Fitness Center at 869-5060 for additional information.

Computing Facilities

The Frost School of Business houses technology rich classrooms and computing laboratories. A multimedia center on the main floor of the Business School is equipped with Pentium IV computers, and state-of-the-art hardware and software for printing, scanning, desktop publishing and video editing.

Our MBA classrooms are on a wireless network enabling you to access the information resources of the Frost School of Business on your own wireless equipped laptop as desired. In all courses that require computing capabilities, a laptop will be provided for in-class use.

Among the many online resources, Centenary MBA's have access to over 20,000 periodicals containing full text articles from Morningstar to Standard & Poor's 500, a comprehensive database of over 18,500 U.S. and Canadian companies.

All students are issued campus email, Blackboard and Banner accounts.

Bookstore and Post Office

All textbooks and supplies are available at the Centenary College Bookstore (869-5278) which is located, along with the Post Office, in the Moore Student Center. Hours for the Post Office are 10:00 a.m. to 4:00 p.m., Monday through Friday. Hours for the Bookstore are 8:00 a.m. to 5:00 p.m., Monday through Friday. Students may call in and order their textbooks by credit card.

The Performing Arts

The Marjorie Lyons Playhouse offers a full schedule of dramatic performances; the Hurley School of Music presents concerts by visiting and local artists, as well as the music faculty. The Centenary Film Society shows contemporary and classic films. For a schedule of films, contact the humanities division administrative assistant at 869-5254.

Meadows Museum of Arts

The Meadows Museum schedules national as well as regional exhibits. It is the permanent home of the Jean Despujols Collection of Indochinese Art. Hours: Tuesday through Friday, 1:00 to 5:00 p.m.; Saturday and Sunday 1:00 to 4:00 p.m. Closed on Mondays.

Centenary Athletics

Centenary, the smallest NCAA Division I campus in the country, sponsors sixteen intercollegiate athletic programs: seven men's sports and nine women's sports. A full schedule of events is available from the athletic office at 869-5275.

MBA Alumni Association

An Alumni Association for graduates of the Centenary Executive MBA Program is planned. Contact the Dean of the Frost School of Business for more details if you would like to be in this program.

Student Subscriptions

Special student-rate subscriptions are available for The Wall Street Journal, Business Week, Fortune, and the Harvard Business Review. Contact the Frost School of Business MBA Coordinator at 869-5141 for more information.
